# UID Program Plans

UID Program Plans

- ◆ Template Released after last JACG 14 October
- ◆ Comments Rec'd from the Air Force and the Army

Plans need to address:
- ✓ Cost, schedule
- ✓ Legacy assets in service
- ✓ Existing on-going contracts
- ✓ Specify
- ✓ - drawing approach - added
- ✓ - business approach
- ✓ - AIT & AIS impact
- ✓ Budget requirements
- ✓ Coordination with sustainment
- ✓ Coordination with industry - SPIs

What Did We Learn?

- Some clarifications & simplification in template verbiage/requirements were needed

◆ **What do we need to know to help PMs?**

- Provide Workshops – 4 will be scheduled for CY2005
  - Pre-work for PM workshops:
    - Generic KPP's (legacy and new)
    - Refined milestone criteria
    - Business rules for virtual UII
    - Business rules for legacy items
- More Time
  - Recommendation
    - ACAT 1D Program Plans June 2005
    - All other ACAT Plans January 2006

◆ **Next Steps**

- Review Pilot Plans – Refine based on results
  - CH-47/F-18 Draft received – under review
